

THE CLINICAL INFORMATION YOU NEED ANYTIME, ANYWHERE

Take advantage of your free access to MD Consult Mobile. MD Consult Mobile gives you all the clinical information you need... in the palm of your hand. You'll be able to stay in the know on the go with great features that allow you to:

- Extend the content from MD Consult to your iPhone, Blackberry or smartphone with this new optimized interface
- Browse content through Quick Reference links to our growing list of medical topics with pre-organized resources
- Search books, Clinics, journals, MEDLINE® and practice guidelines
- View the full text of book chapters, journals and Clinics articles, plus images of all searchable content
- Email content links to yourself for later review or to a colleague to share information

For more information of how to get started, contact us at 800-401-9962 or email us at mdc.customerservice@elsevier.com.
