

KNOW ON THE GO!

Your institution now has access to new MD Consult Mobile. This new product will give free access to the books, journals, Clinics and guidelines of MD Consult through web-enabled smartphones like the iPhone, Blackberry, Treo and others.

You will need a personal account on MD Consult to access MD Consult Mobile. If you don't already have a personal account, just follow the four easy steps below to get started!

Four Easy Steps to Get Started:

1. Access www.mdconsult.com from a computer within your institution
2. Click on "Create an Account" on the top right
3. Complete the registration form, create your username and password, click "Submit" and log out.
4. Log into MD Consult Mobile by visiting <http://mobile.mdconsult.com> from your mobile browser

NOTE: Users must log out of MD Consult on the workstation before logging into their phone.

For more information of how to get started, contact your librarian or email us at mdc.groupinfo@elsevier.com.
